We are an oversubscribed, expanding school, rated 'Good' by Ofsted in 2018 with consistently positive league table and Progress 8 scores in 2018, 2017 and 2016. We are seeking to employ an inspiring and enthusiastic Teacher of IT and Computing. IT and Computing is included within our Applied Studies faculty (together with Music, Media, Business Studies and vocational studies), so applications from teachers able to offer a second area are especially welcomed, including second subjects outside of the faculty.

NQTs will have a carefully managed training and support package. Experienced teachers will benefit from joining an already experienced, high performing team.

We are a comprehensive school with students across the whole ability range.

We have a very good track record in terms of examination results with excellent Progress 8, Attainment 8 and VA scores. We are in a position of strength as a school, with our students successful across the range of groups and across the full range of subjects. Oldbury Wells School also has an established and flourishing Sixth Form.

We are located just 20 minutes from the West Midlands conurbation where we enjoy a small town location in Bridgnorth within easy reach of the Birmingham and Telford areas.
