October 2021

Dear Parent/Guardian,

Re: Online Safety

As you are aware the online world is posing an ever-increasing risk to children, and it is important that we work together to take an active role in teaching children about the dangers and how to act safely whilst using the internet.

We already have lessons within the school's curriculum to support this, but we are pleased to announce that we are continuing to show our commitment to protecting pupils on-line by working towards external recognition by achieving the National Online Safety Accreditation for e-safety and remote learning.

The accreditation not only recognises the work of the school, but it also provides parents with a resource hub in the most recent technologies. This hub includes quick guides on the most up to date applications and how to use them safely. There are also short courses that parents can opt into if they wish.

To register as a parent/carer please use the following link ([Click here](#)) and select 'I am a parent/carer' for the user type. There is also an app available that can be downloaded from the [Google play store](#) or from the [Apple Store](#).

We hope that you find the resource useful and can I also remind you of the further materials you can access through the school's website ([Click here](#)).

If you have any queries or further questions, please do not hesitate to contact the school.

Yours faithfully

Mr S Wycherley
Deputy Headteacher

Mr J White
Assistant Headteacher

Be #OnlineSafetySavvy

Keep up with the latest apps games and tech your children are using, with the worlds most comprehensive online safety app for parents.

On the National Online Safety app you'll find:

- ✓ Hundreds of online safety guides on the topics you need to know about – from screen addiction, fake news and trolling to hacking, social media influencers and sexting;
- ✓ An online safety training course for parents – developed by our experts and delivered by online safety ambassador Myleene Klass;
- ✓ A user-friendly interface with increased functionality – find exactly what you need, when you need it;
- ✓ The option to get notifications to your phone as soon as new content becomes available – so you can stay up-to-date with the latest online crazes (and risks);
- ✓ An in-app voting system so you can help determine the subjects you'd like us to cover in future;
- ✓ The facility to personalise your content by favouriting key resources.
