

**Oldbury Wells School
Special Educational Needs
And Disabilities Policy
September 2023**

Frequency of Review:	Every 2 years
Ratification Date:	Autumn Term 2022
Ratified by:	OWS Local Governing Body
Date of Next Review:	Autumn Term 2024 <i>(unless there is a material change)</i>
Author:	Deputy Headteacher – Quality of Education

Adopted by the Oldbury Wells School Local Governing Body & Trusted CSAT Alliance

Signed Chair of Local Governing Body Dated

Signed Headteacher Dated

Context

This policy was developed in consultation with parents/carers, staff and students of the school community and pays due regard to:

- The SEND Code of Practice: 0 to 25 years, January 2014
- Part 3 of the Children and Families Act 2014 and associated regulations

Governor responsible for SEN:

Headteacher: Mr Lee Tristham

SENCo: Catherine Morgan

Contact details: Catherine.Morgan@oldburywells.com

Special Educational Needs and Disability (SEND) Policy

This policy is in line with our Equality Statement and Accessibility Plan - it aims to support inclusion for all of our children. The responsibility for the management of this policy falls to the Headteacher; the day-to-day operation of the policy is the responsibility of the Special Educational Needs Co-ordinator (SENCo). The Governing Body, Headteacher and the SENCo will work together closely to ensure that this policy is working effectively.

High quality teaching is that adapted to meet the needs of the majority of students. Some students will need something additional or adaptation to what is provided for the majority of students; this is special educational provision and we will use our best endeavours to ensure that provision is made for those who need it.

Oldbury Wells School will do its best to ensure that the necessary provision is made for any students who have special educational needs or disabilities. We will ensure that all staff in the school are able to identify and provide for those students who have special educational needs or disabilities to allow students with SEND to join in the activities of the school.

The staff and governors of Oldbury Wells School will also work to ensure that all SEND students reach their full potential, are fully included within the school community and are able to make successful transfers between educational establishments. This policy aims to support all members of staff in providing positive whole school approaches towards the learning, progress and achievement of SEND students. With this as an underlying principle, we believe that:

All teachers are teachers of Special Educational Needs.

Every teacher is responsible and accountable for the progress and development of all students in their class even where students access support from teaching assistants or specialist staff.

Teaching and supporting students with SEND is therefore a whole school responsibility requiring a whole school response. Meeting the needs of students with SEND requires partnership working between all those involved – Local Authority (LA), school, parents/carers, students, children's services and all other agencies.

School Admissions

Students will only be refused admission to school where the school cannot meet the student's needs or by making reasonable adjustments. In line with the Equality Act 2010 we will not discriminate against disabled children in respect of admissions for a reason related to their disability, nevertheless the school site does make it difficult for some students to attend and to be able to access all areas of the curriculum. We will use our best endeavours to provide effective educational provision.

Aims and Objectives

Aims

To provide the structure for a child-centred process that engages student, family, school and other professionals in planning for and implementing high quality, needs led provision that is consistent across the school. This is to ensure all of our students are able to access the same opportunities for learning and social development achieving maximum progress, fulfilling their potential and promoting their well-being.

Objectives

The SEND Policy of Oldbury Wells School reflects the principles of the 0-25 SEND Code of Practice (2014). The aims of this special educational needs policy are to:

- Ensure the Equality Act 2010 duties for students with disabilities are met
- Enable students with special educational needs to have their needs met
- Take into account the views of the students with special educational needs
- Encourage good communication and genuine partnerships with parents/carers of children with special educational needs
- Facilitate full access to a broad, balanced and relevant education, including an appropriate curriculum for the foundation stage and the National Curriculum, for students with special educational needs
- In conjunction with the Medical Policy, make arrangements to support students with medical conditions and to have regard to statutory guidance supporting students at school with medical conditions
- Implement a graduated approach to meeting the needs of students using the Assess, Plan, Do, Review process
- Develop a culture of inclusion valuing high quality teaching for all learners, with teachers using a range of effective differentiation methods
- Employ a collaborative approach with learners with a SEN or disability, their families, staff within school, other external agencies including those from Health and Social Care
- Set appropriate individual learning outcomes based on prior achievement, high aspirations and the views of the learner and family
- Share expertise and good practice across the school and local learning community,
- Make efficient and effective use of school resources
- Have regard to the Code of Practice (2014) for the identification, assessment, support and review of special educational needs
- Have regard to guidance detailed by Shropshire County Council.

Identifying and supporting Special Educational Needs and Disabilities

Students have special educational needs if they have a learning difficulty or disability which calls for special education provision to be made for him/her namely provision **which is additional to or different from** that normally available in a differentiated curriculum. Oldbury Wells School regards students as having a Special Educational Need if they:

- a) Have a significantly greater difficulty in learning than the majority of students of the same age, or;
- b) Have a disability which prevents or hinders him/her from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions
- c) Are under compulsory age and they fall within the definition at (a) or (b) above or would do so if special educational provision was not made for them (section 20 children and families act 2014)

Students must not be regarded as having a learning difficulty solely because the language or form of language of their home is different from the language in which they will be taught.

Oldbury Wells School will have regard to the SEND Code of Practice 2014 (updated April 2020) when carrying out its duties towards all students with SEND and ensure that parents/carers are informed by the school that SEND provision is being made for their child.

There may be times in a student's school career when they are identified as having a Special Educational Need. These students will be provided with intervention and/or support that is 'additional to or different from' the normal differentiated curriculum. This may be on an ongoing basis or for a limited time. Many students with sensory and/or physical disabilities may require adaptations, made as reasonable adjustments under the Equality Act 2010.

Areas of Special Educational Need

Under the SEND Code of Practice 2014, students identified as having a Special Educational Need (SEN) will be considered within one or more of the following categories of need:

Cognition and Learning:

Children with learning needs may learn at a slower pace than other children and may have difficulty developing literacy or numeracy skills or understanding new concepts. Learning needs may be in addition to or as a result of other Special Educational Needs.

Children with a Specific Learning Difficulty (SpLD) will have difficulties related to one or more of dyslexia (reading and spelling), dyscalculia (maths), dyspraxia (co-ordination) and dysgraphia (writing).

Learning difficulties cover a wide range of needs, including Moderate Learning Difficulties (MLD), Severe Learning Difficulties (SLD), where children are likely to need support in all areas of the curriculum and associated difficulties with mobility and communication, through to Profound and Multiple Learning Difficulties (PMLD), where children are likely to have severe and complex learning difficulties as well as a physical disability or sensory impairment.

Cognition and Learning needs include:

- Specific Learning Difficulties (SpLD)
- Moderate Learning Difficulties (MLD)
- Severe Learning Difficulties (SLD), and
- Profound and Multiple Learning Difficulties (PMLD)

Social, Emotional and Mental Health Difficulties

Children may experience a wide range of social and emotional difficulties which manifest themselves in many ways. These may include becoming withdrawn or isolated, as well as displaying challenging, disruptive or disturbing behaviour. These behaviours may reflect underlying mental health difficulties such as anxiety or depression, self-harming, substance misuse, eating disorders or physical symptoms that are medically unexplained.

Other children may have disorders such as Attention Deficit Disorder (ADD), Attention Deficit Hyperactive Disorder (ADHD) or Attachment Disorder.

Social, Emotional and Mental Health Difficulties include:

- ADD
- ADHD
- Attachment Disorder

Communication and Interaction Needs

Children with Speech, Language and Communication Needs (SLCN) have difficulty in communicating with others. This may be because they have difficulty saying what they want to, understanding what is being said to them or because they do not understand or use social rules of communication.

The profile for every child with SLCN is different and their needs may change over time. They may have difficulty with one, some or all of the different aspects of speech, language or social communication at different times of their lives. Children with autism, including Asperger's Syndrome, are likely to have particular difficulties with social interaction. They may also experience difficulties with language, communication and imagination, which can impact on how they relate to others.

Communication and Interaction needs include:

- Speech, Language and Communication Needs (SLCN)
- Autism (including Asperger Syndrome)

Sensory and/or Physical Needs

Some children require special educational provision because they have a disability and this prevents or hinders them from making use of the educational facilities generally provided. These difficulties can be age related and may fluctuate over time.

Oldbury Wells students with Vision Impairment (VI), Hearing Impairment (HI) or a Multi-Sensory Impairment (MSI) will require specialist support and/or equipment to access their learning. Children with a Multi-Sensory Impairment have a combination of vision and hearing difficulties. Some children with a Physical Disability (PD) require additional ongoing support and equipment to access all the opportunities available to their peers.

Sensory and/or physical needs include:

- Visual Impairment (VI)
- Hearing Impairment (HI – including Deaf and Hearing Impairment)
- Multi-Sensory Impairment (MSI - sometimes referred to as Deafblind)
- Physical Disability (PD).

A Graduated Response to SEND

Early Concerns

The progress made by all students is regularly monitored and reviewed. Initially, concerns registered by teachers, parents/carers or other agencies are addressed by appropriate differentiation within the classroom and a record is kept of strategies used. This can be then used in later discussions if concerns persist.

How we identify and support students with SEN

All students' attainment and achievements are monitored by their teacher who is required to provide high quality teaching and learning opportunities differentiated for individual students. Where a student is making inadequate progress or falls behind their peers, additional support will be provided under the guidance of the class teacher.

Adequate progress could:

- Be similar to that of peers
- Match or better the students' previous rate of progress
- Close the attainment gap between the student and their peers
- Prevent the attainment gap growing wider

Where students continue to make inadequate progress, despite support and high quality teaching, the class teacher will work with the school's Special Educational Needs Coordinator (SENCo) to assess if a student has a significant learning difficulty and agree appropriate support.

In some cases it may be necessary to seek assessment by or advice from an external professional such as a specialist teacher or educational psychologist. This will always involve discussion and agreement with the student's parents/carers.

When considering whether a student has a Special Educational Need many of the following may be evident:

- Makes little or no progress even when teaching approaches are targeted particularly in a student's identified area of weakness
- Shows signs of difficulty in developing literacy or mathematics skills which result in poor attainment in some curriculum areas
- Persistent emotional or behavioural difficulties which are not ameliorated by appropriate behaviour management strategies
- Has sensory or physical problems and continues to make little or no progress despite the provision of specialist equipment
- Has communication and /or interaction difficulties and continues to make little or no progress despite the provision of an appropriate differentiated curriculum
- Has emotional or behavioural difficulties which substantially and regularly interfere with the student's own learning or that of the class groups, despite having an individualised behaviour support programme
- Has SEND or physical needs that require additional specialist equipment or regular advice or visits by a specialist service
- Has a communication and/or an interaction difficulty that impedes the development of social relationships and cause a substantial barrier to learning.

Assess, Plan, Do and Review

Where a student is identified as having SEN, we will take action to support effective learning by removing barriers to learning and put effective special educational provision in place. This SEN support will take the form of a four-part cycle through which earlier decisions and actions are revisited, refined and revised with a growing understanding of the student's needs and of what supports the student in making good progress and securing good outcomes. This is known as **the graduated approach – assess, plan, do, review**.

For students with low level Special Educational Needs, the cycle of **Assess, Plan, Do and Review** will fit into the regular termly assessment and planning cycle for all students. The SEND Review Meetings are held termly and are mostly run by either the SENCo or the child's form teacher. Following the meeting the one-page profiles and termly plans are updated and issued to teachers.

Where necessary, other help may be sought and strategies put in place to suit the latest need. If there is sustained period of insufficient or no progress the school may decide to involve advice from specialist/external agencies, but the school would consult with parents/carers before doing this.

Exit Criteria

When a student has made sufficient progress in their area of need that they no longer require any provision that is different from or additional to that which is normally available as part of high quality and adaptive teaching they will no longer be seen as requiring SEN Support. At this point, through discussion and agreement with parents/carers the student will be removed from the schools SEN register.

Statutory Assessment of Needs

Education, Health and Care Plan (EHCP)

Where, despite the school having taken relevant and purposeful action to identify, assess and meet the Special Educational Needs and/or Disabilities of the student, the child has not made expected progress, the school or parents/carers should consider requesting an Education, Health and Care Plan (EHCP) needs assessment. The evidence gathered through the regular review of the SEND plan will help the Local Authority (LA) in determining when this statutory assessment of needs is required.

Where a student has an Education Health and Care Plan (EHCP), the Local Authority must review the plan every twelve months as a minimum. Schools have a duty to co-operate so Oldbury Wells School will hold annual review meetings on the behalf of Shropshire LA and complete the appropriate paperwork for this process.

Monitoring and Evaluation of SEND

Regular monitoring of the quality of provision for all students including those with SEND follows the schools assessment and monitoring calendar. In addition, the cycle of Assess, Plan, Do and Review ensures that students with SEND have their individual provision reviewed regularly, and at least termly. Additional training, advice and support will be provided to teaching staff where necessary in order to facilitate progress and to meet student needs.

Supporting Students and Families

We value and accept the positive role and contribution parents/carers can make. We make every effort to work in full co-operation with parents/carers, recognising and respecting their roles and responsibilities. Parents/carers are encouraged to work with the school and other professionals to ensure that their child's needs are identified properly and met as early as possible.

In order that they play an active part in their child's development, the school endeavours to provide parents/carers with the relevant information so they can reinforce learning in the home.

At Oldbury Wells School we endeavour to support parents/carers so that they are able to:

- Feel fully supported and taken seriously should they raise a concern about their child
- Recognise and fulfil their responsibilities and play an active and valued role in their child's education
- Understand procedures and documentation
- Make their views known about how their child is educated
- Have access to information, advice and support during assessment and Oldbury Wells related decision-making process about special educational provision.

Parents/carers of a child with SEN support will have the opportunity to meet with the SENCo three times a year. The SENCo is happy to meet with parents/carers, without prior arrangement, whenever possible.

Parents/carers are encouraged to seek help and advice from Independent Information Advice and Support services, including IASS (Parent Partnership), BEAM, Autism West Midlands. These are able to provide impartial and independent advice, support and information on special educational needs and disabilities.

Parents/carers are also encouraged to visit the Shropshire Council website www.shropshire.gov.uk. This website provides valuable information about different agencies, services and resources for children, young people with SEND and their families in addition to school resources and information.

Children in Care

When a child is in care, the carers are accorded the same rights and responsibilities as parents. The school has both an appointed member of staff and a governor for Looked after Children.

Student Voice

We hold the views of students highly and recognise the importance of gaining genuine student views in promoting the best student outcomes. Students are able to share their views in a number of different ways (appropriate to age and ability).

These views are welcome at any time but are specifically sought as part of their annual review, as part of their SEND Meetings and at the end of a targeted intervention. We ask all students to contribute to the setting of their own outcomes.

Partnership with External Agencies

The school is supported by a wide range of different agencies and teams (Educational Psychology Service, LSAT, Woodlands, Visual Impaired Service, Speech and Language

Therapy, Health Services, COMPASS and Early Help). The school's SEN Information Report details which agencies the school has worked with in the last 12 months. This report can be found on the school website and is updated annually.

Transition

A change of school, class and staff can be an exciting, yet anxious time for all students. We recognise that this can be very challenging for some students with SEND. We endeavour to make sure these periods of change are carefully managed in a sensitive way to provide continuity of high quality provision and reassurance to students and families.

Training and Resources

Allocation of Resources

- Resources are allocated to support children with identified needs as identified previously
- Each year we map our provision to show how we allocate human resources to each year group; this is reviewed regularly and can change during the academic year, responding to the changing needs within our classes
- This support may take the form of differentiated work in class, support from a Teaching Assistant (TA) in focused intervention in groups, or for individuals
- Specialist equipment, books or other resources that may help the student are purchased as required

Continuing Professional Development (CPD) for Special Educational Needs

- The SENCO and other SLT members provide regular CPD to other staff in school in specific aspects of meeting the needs of students with SEN – a programme covering a variety of SEN is undertaken
- The progress of all students including those with SEND is a core aspect of the planning and monitoring process allowing staff to meet individual student needs as necessary
- Teaching assistants are engaged in an ongoing training whereby the role of the teaching assistant is developed
- External trainers are brought in periodically to address more specialist training needs such as dealing with specific medical conditions (e.g. hearing impairment)

Funding

Funding for SEN in mainstream schools is mainly delegated to the schools' budget. It is the expectation that schools provide support to their students with SEN from their SEN budget. Where a student requires an exceptionally high level of support that incurs a greater expense, the school can make a request for Additional Resource from the LA.

The school will need to be able to demonstrate how it has spent the funding to date and the impact of this as well as demonstrating why further additional funding is required and how it would be used. This additional 'top-up' funding is then paid from the local authority's high needs block into the schools budget.

Personal Budgets

Personal Budgets are only available to students with an Education, Health and social Care Plan (EHCP) or students who are currently under-going a needs assessment for an EHCP.

Funding can be made available to parents/carers as a personal budget for them to commission their own provision for their child under certain conditions.

Parents/Carers who would like to enquire further about using the personal budget should speak in the first instance to the SENCo.

Roles and Responsibilities

Provision for students with special educational needs is a matter for the school as a whole. In addition to the Governing Body, Headteacher and SENCo, all members of staff have important responsibilities.

Governing Body

- The Governing Body endeavours to follow the guidelines as laid down in the SEND Code of Practice (2014) to:
- Use their best endeavours to make sure that a child with SEN gets the support they need – this means doing everything they can to meet children and young people’s Special Educational Needs
- Ensure that children and young people with SEN engage in the activities of the school alongside students who do not have SEN
- Designate a teacher to be responsible for co-ordinating SEN provision – the SEN co-ordinator, or SENCO.
- Inform parents/carers when they are making special educational provision for a child
- Prepare an SEN information report and their arrangements for the admission of disabled children, the steps being taken to prevent disabled children from being treated less favourably than others, the facilities provided to enable access to the school for disabled children and their accessibility plan showing how they plan to improve access progressively over time

Headteacher

The Headteacher has responsibility for the day-to-day management of all aspects of the school’s work, including provision for children with special educational needs. The Headteacher will keep the Governing Body fully informed on Special Educational Needs issues. The Headteacher will work closely with the SENCo and the Governor with responsibility for SEND.

SENCo

In collaboration with the Headteacher and Governing Body, the SENCo determines the strategic development of the SEND policy and provision with the ultimate aim of raising the achievement of students with SEND.

The SENCo takes day-to-day responsibility for the operation of the SEND policy and co-ordinates the provision for individual children, working closely with staff, parents/carers and external agencies. The SENCo provides relevant professional guidance to colleagues with the aim of securing high-quality teaching for children with special educational needs.

Through analysis and assessment of children’s needs, and by monitoring the quality of teaching and standards of students’ achievements and setting targets, the SENCo develops effective ways of overcoming barriers to learning and sustaining effective teaching.

The SENCo liaises and collaborates with class teachers so that learning for all children is given equal priority.

The principle responsibilities for the SENCo include:

- Overseeing the day-to-day operation of the SEND policy
- Co-ordinating provision for SEND students and reporting on progress
- Advising on the graduated approach to providing SEN support – Assess, Plan, Do, Review
- Advising on the deployment of the school's delegated budget and other resources to meet students' needs effectively
- Monitoring relevant SEN CPD for all staff
- Overseeing the records of all children with special educational needs and ensuring they are up to date
- Liaising with parents/carers of children with special educational needs
- Contributing to the in-service training of staff
- Being a point of contact with external agencies, especially the local authority and its support services

The principal responsibilities for the SENCo continued:

- Liaising with early years providers, other schools, educational psychologists, health and social care professionals and independent or voluntary bodies
- Liaising with potential next providers of education to ensure a student and their parents/carers are informed about options and a smooth transition is planned
- Monitoring the impact of interventions provided for students with SEND
- To lead on the development of high quality SEND provision as an integral part of the school improvement plan
- Working with the Headteacher and the school governors to ensure that the school meets its responsibilities under the Equality Act (2010) with regard to reasonable adjustments and access arrangements

All Teaching and Non-Teaching Staff

- All staff are aware of the school's SEND policy and the procedures for identifying, assessing and making provision for students with special educational needs
- Class teachers are fully involved in providing high quality teaching, differentiated for individual students. This includes reviewing and, where necessary, improving, their understanding of strategies to identify and support vulnerable students and their knowledge of the SEN most frequently encountered
- Class teachers are responsible for setting suitable learning challenges and facilitating effective special educational provision in response to students' diverse needs in order to remove potential barriers to learning.

This process should include working with the SENCo to carry out a clear analysis of the student's needs, drawing on the teacher's assessment and experience of the student as well as previous progress and attainment

- Teaching assistants will liaise with the class teacher and SENCo on planning, on student response and on progress in order to contribute effectively to the graduated response, (assess, plan, do, review)

Meeting Medical Needs

The Children and Families Act 2014 places a duty on schools to make arrangements to support students with medical conditions. Individual healthcare plans will normally specify the type and level of support required to meet the medical needs of such students.

Where children and young people also have SEN, their provision should be planned and delivered in a co-ordinated way using the DAF paperwork. For those students with an Education, Health and Care plan (EHCP), this will be used as it brings together health and social care needs, as well as their special educational provision.

The school recognises that students at school with medical conditions should be properly supported so that they have full access to education, including school trips and physical education. Some children with medical conditions may be disabled and where this is the case the school will comply with its duties under the Equality Act 2010.

Children in Hospital

When children are in hospital or have long periods at home due to medical needs the school will liaise with other agencies and professionals*, as well as parents/carers, to ensure good communication and effective sharing of information. This will enable optimum opportunities for educational progress and achievement.

SEND Information Report

The school will ensure that the SEND information is assessable on the school website. Governors have a legal duty to publish information on their websites about the implementation of the policy for students with SEN. The information published will be updated annually and any changes to the information occurring during the year will be updated as soon as possible. Further information is available in “The Local Offer/SEND Information Report” which is available on the school’s website.

Monitoring and Accountability

Accessibility

The school is compliant with the Equality Act 2010, unfortunately the school’s site does not meet current accessibility legislation. It is only partly accessible for wheelchair users. Oldbury Wells School works hard to develop accessibility and the schools’ accessibility plan detailing how this is being developed can be accessed from the school website.

Storing and Managing Information

Student SEND records will be kept in accordance to the DfE guidance contained in “Statutory Policies for schools” (February 2014):

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/284301/statutory_schools_policies.pdf

Responding to Complaints

In the first instance, parent complaints about the provision or organisation of SEND are dealt with through the procedures outlined in the school’s Complaints Policy which is available on the school’s website.

If there continues to be disagreement with regard to SEND provision the Local Authority should make arrangements that include the appointment of independent persons with a view to avoiding or resolving disagreements between the parents/carers and the school. This includes access to mediation before tribunal. Parents/Carers have a right to appeal to a SEND tribunal at any stage.

The Special Educational Needs and Disabilities (SEND) Policy has been adopted by TrustEd CSAT Alliance.
