07 April 2025

Dear Parents/Carers

Re: Science Revision

I hope this message finds you well. As we approach the final stretch before the GCSE Science exams, the Science Department is pleased to offer a **Revision Morning** for Year 11 students at the very start of the Easter holidays on **Monday, 14 April 2025, 9:00am - 12:30pm**.

The morning will be split into three focused sessions, covering key **Biology, Chemistry and Physics** topics that students often find particularly challenging.

This is a valuable opportunity for your young scientists to boost their confidence and deepen their understanding in preparation for the summer exams. The sessions will be delivered by Mr Cox, Mr Johnson and Mr Pollock.

Please note there are limited places. If you would like your child to attend, please email me directly to reserve a space at the email address below.

Students should arrive between 08:45-08:55am and can be picked up from school at 12.30pm.

Thank you for your continued support.

Yours faithfully

Daniel Cox
Director of Learning for Science
