

## Discovery Days

Our Discovery Days provide an introduction to careers and study options for specific subject areas. They provide pupils with the opportunity to visit our campus and experience the atmosphere and facilities, as well as gain a deeper insight into a specific career area that may be of particular interest to them. Find out more details, including specific session, search for **Discovery Days @ WLV**

Discovery Day	Date/ Location	Overview
<b>Social Sciences Discovery Day</b>	0am - 2:30pm Contact us for dates City Campus	Join the Department of Social Sciences for a range of talks on topics such as religion, migration, gender and social advocacy.
<b>Discover Humanities and Journalism</b>	Contact us for dates and times Wolverhampton City Campus	Come to the School of Humanities to explore sessions from a range of subjects including History, British Sign Language, English Language, Linguistics, Teaching English to Speakers of Other Languages, Creative Writing and Journalism.
<b>Discovering Pharmacy</b>	10am - 2:30pm Contact us for dates City Campus	Join us for an on-campus Discovery Day to find out more about our Pharmacy (MPharm), Pharmacology and Pharmaceutical Science undergraduate opportunities. Students will get the chance to see our facilities as well as participate in hands on activities. Students will have the opportunity to experience a session in our labs as they discover the techniques to successfully produce medication, as well as hear from lecturers on exciting topics and hearing how the courses are taught. This event is suitable for year 12 and above.
<b>Discover Allied Health</b>	Contact us for dates and times Walsall Campus	A fantastic opportunity for your pupils to find out more about the range of allied health courses on offer at the University of Wolverhampton and the different career pathways it is possible to progress into from these programmes.
<b>Discover Engineering</b>	10am - 2:30pm Contact us for dates Telford Campus	An opportunity to visit our Telford Campus, home to our Mechanical, Automotive, Motorsport, Aerospace and Chemical Engineering courses. During this day you will have the chance to get involved in planned activities, and view a range of cutting-edge facilities.
<b>Public Health Leadership Programme</b>	Contact us for dates and times Wolverhampton City Campus	Ideal for students in years 11, 12 and 13 who have an interest in public health careers as well as a range of other health and wellbeing roles, the day's four workshops allow pupils to develop key skills in health leadership and promotion which they can use in initiatives to help improve the awareness of health issues amongst their peers and families.
<b>Education Discovery Day: Raising Aspirations</b>	Contact us for dates and times Walsall Campus	The day's four workshops are ideal for students in years 11, 12 and 13 who have an interest in a future career in making a difference and working with babies, children, young people and their families in a range of community-based contexts.
<b>Discover Architecture, Built Environment and Civil Engineering</b>	Contact us for dates and times Springfield Campus	Pupils can find out more about the University's undergraduate opportunities in architecture, built environment and civil engineering, as well as see our impressive facilities at Springfield Campus, as well as participate in hands-on activities.
<b>Film TV and Media Discovery Day</b>	15 November 2023 9.30-14:30pm Location: City Campus	Are your students interested in a career in Film, TV and Media? Why not attend our discovery day on Wednesday 18th October, from 9:30 to 14:30. Students will learn from our experienced academics in the field of Film and TV, Film and Screen Industry, film analysis and media.
<b>Discover careers in health, social care and community</b>	10am - 2:30pm Contact us for dates City Campus	We are thrilled to invite you to 'Discover careers in health, social care and community', for those who would like to take the first steps in finding out about which courses we have to offer, as well as routes into a range of professions including Nursing, Public Health, Midwifery, Psychology, Occupational Therapy, Podiatry, Social Work and Social Care.
<b>999 Emergency Response: Preparing to Succeed in Your Profession</b>	10th November 2023, 9:30-14:40pm Samuel Johnson Building, Walsall Campus	This event will expose attendees to a wide range of health and social care professions to understand the contribution that those professions make in a real-life scenario. By completing a series of interactive workshops over the day, attendees will also gain an understanding of the interconnected nature of the professions.  This event will be of particular interest to students studying level 3 (BTEC, T Level, A Level and Access to HE) Qualifications in Health and Social Care, Health Sciences and Social Science related subject areas.
